REPORT OF THE INDEPENDENT AUDITORS TO

THE AFRICAN ELECTROTECHNICAL STANDARDISATION COMMISSION (AFSEC)

We have audited the annual financial statements of THE AFRICAN ELECTROTECHNICAL STANDARDISATION COMMISSION (AFSEC), set out on pages 3 to 5 for the period 28 February 2008 (date of incorporation) to 31 December 2008. These financial statements are the responsibility of the association. Our responsibility is to report on these financial statements based on our audit.

Scope

We conducted our audit in accordance with statements of South African Auditing Standards. These standards require that we plan and perform the audit to obtain reasonable assurance that the financial statements are free of material misstatement. An audit includes:

- examining on a test basis, evidence supporting the amounts and disclosures included in the financial statements,
- assessing the accounting principles used and significant estimates made by management,
- evaluating the overall financial statement presentation.

We believe that our audit provides a reasonable basis for our opinion.

Emphasis of matter

In common with similar organisations, certain income cannot be verified prior to being recorded in the books. While we have no reason to believe that there has been any unrecorded income, we are unable to express a definite opinion in this regard.

Audit opinion

In our opinion, the financial statements fairly present, in all material respects, the financial position of the association at 31 December 2008 and the results of its operations and for the year then ended in accordance with the appropriate accounting bases in note 1.
